FLEXIBLE BENEFITS SURVEY UPDATE

Copies of the Employee Benefits Survey have been mailed to all employees at Headquarters locations, and the return rate to date is quite impressive. We are in the process of assigning identification numbers to the answer sheets, collating your comments on flexible benefits, scanning the answer sheets and summarizing responses. Future Task Force Bulletins will address feature preferences and discuss issues surfaced by participants.

Because employees may have changed jobs since the survey labels were printed, it is possible that certain Headquarters-area employees may not have received a copy of the survey at their latest address. If you have not received your copy, please contact your component personnel office or call Carol

Our thanks to those of you who have already returned your questionnaire, and especially those who have taken the time to submit narrative comments. We encourage those who haven't yet participated to take the time to complete and return their questionnaire between now and the last week in January 1988. This is an opportunity for you to have an impact on the flexible benefit plan design.
